CAREER OBJECTIVE

Looking to establish a career in the field of Information Technology, I wish to work in a growth oriented company and contribute to the development of the organization while upgrading my skill set and knowledge.

EDUCATIONAL BACKGROUND

Masters of Computer Applications

2022 - 2024

- ABES Engineering College, Ghaziabad

Bachelor of Science in Computer Science

2019 - 2022

- Mahatma Jyotiba Phule Rohilkhand University

SKILL

Technical Skills

- Python
- Core Java
- SQL
- C++
- HTML,CSS
- Django
- Git, Github
- Chat GPT
- C Language
- JavaScript

Tools

- VS Code
- MySql Workbench
- IntelliJ IDEA
- Eclipse

Interpersonal Skills

- Quick Learner
- Teamwork
- Self Confidence
- Self Discipline

PROJECTS

Face Recognition

Dec 2023 – Feb 2024

- This Project effectively utilizes deep learning-based face recognition for real-time attendance making , leveraging powerful libraries like OpenCV and face_recognition and efficient result.
- Uses face recognition library which is built on the top of the dlib library's deep learning face recognition
- This model is highly accurate, efficient, scalable and based on the deep CNN architecture.

FitSphere

April 2024 – June 2024

- Developed a fitness management application using Django, integrating a SQLite database for user and workout data management .
- Implemented core app functionalities include user authentication, fitness tracking and RESTful APIs for seamless integration.
- Design and managed scalable backend service to ensure efficient data handling and Responsiveness.

CERTIFICATIONS

- Python Essential Certification from Cisco on 28 April 2023.
- JavaScript from Cisco on 13 May 2023.
- Django Certificate from Infosys Springboard on 12 Aug 2024.

ACHIEVEMENTS

- 5 Star in HackerRank in Python
- 4 Star in HackerRank in SQL
- 3 Star in HackerRank in Java
